Union Construction To Provide Larger Facilities

Construction of the addition to the Student Memorial Union is now in full swing and at present is ahead of schedule, according to Walter Fredrick, college business manager.

Work began July 8 and is slated for completion approximately one year after that date.

"Although the union size will not actually be doubled, the upstairs lounges and the dining hall facilities will be," Fredrick commented.

Low bid for the construction was \$167,800, submitted by R. D. Stewart of Marshalltown. The mechanical contract went to Kinselth Plumbing and Heating for \$35,796. Low electrical bid went to Brayton Electric of Waverly for \$16,466.

Total of the three lowest bids is about \$70,000 less than the original estimate. As a result, the loan from the Federal Housing and Home Administration has been reduced by about \$35,000.

Besides doubling the space for the dining hall and lounges, the post office will be enlarged, the recreation room will be relocated and enlarged and the present recreation room will become part of the new Den.

Southeast corner behind Danforth Chapel will have a storage room in the basement, and second floor will have accom-

mmodations for students working in the cafeteria.

One of the major operations will take place sometime near the first part of October, according to Fredrick. At this time the north wall of the union will be moved to its new location and a temporary wall will be constructed in its place.

"Although this will add to the inconvenience," said Fredrick, "students are asked to cooperate and bear with the construction."

Improvements Take Place Over Summer

Many major improvements took place on campus this summer, as reported by Business Manager Walter Fredrick.

Greatest change occurred in the old Home Economics house. The building, now called the Psychology and Science Annex, has been completely renovated. It now provides office and lab space.

The old dining room is now a psychology classroom, and the kitchen is a chemistry lab for advanced students working independently. Plans are to build further laboratory space for biology students in the basement.

Parking lots around the gymnasium have been leveled and will soon be completed.

Repainting included second and third floors in Grossmann Hall and several rooms in Old Main and Wartburg Hall. Schild Stadium was also given three coats of paint.

Other improvements include new roof jobs on the Little Theater and part of Luther Hall.

Business improvements are two new bookkeeping machines in the treasurer's office and a new multigraph machine in the mimeographing room.

1,162 Here This Year

New students numbering 423 are at Wartburg this year, bringing the enrollment to a total of 1,162, according to Director of Admissions Fred Thompson.

Several foreign students are included. They come from Denmark, Leopoldville, Kenya, Iran and West Germany.

Also included in this year's enrollment are 16 transfers from Waldorf Junior College to add to the 9 who came last year. There are approximately forty transfer students in all.

"We are quite satisfied with the enrollment in view of the fact that most other colleges are seeing a drop-off in freshman enrollment this year," said Thompson.

Variety Will Mark Convocation

"Freedom/Security: The Human Dilemma" is the convocation theme for the 1963-64 academic year.

Convocations, which are held regularly at 10 a.m. on Tuesday and Thursday, present a great variety of leaders and scholars from various fields and help keep students and faculty informed on current issues and problems.

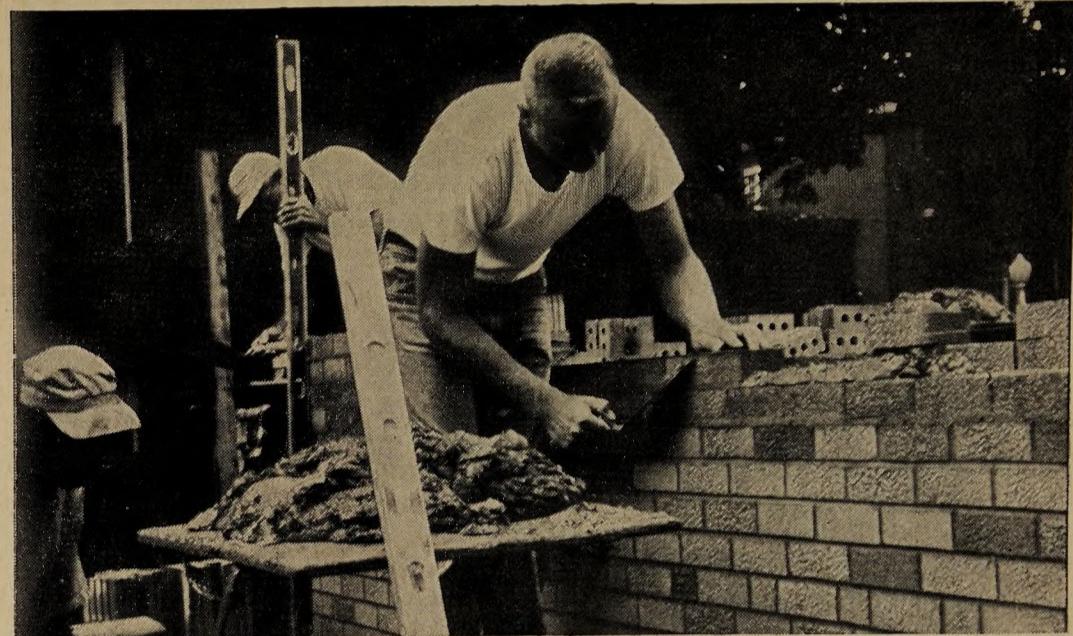

In connection with this year's theme, six major areas have been selected for special attention. They are Eugenics, Comparative Economic Systems, Architecture, the Civil War, a Case Study from History, Authority and Religious Belief and Human Rights.

Faculty and student body meetings will occupy the convocation hour on Tuesday, Sept. 17.

On Thursday, Sept. 19, Virgil Lagomarcino, a native of Waverly and presently serving as director of teacher education and chairman of the teacher education faculty at Iowa State University, Ames, will be the

Virgil Lagomarcino

'Mid scholarly toil and tribulation students have a chance to view a little hard labor. Construction of the addition to the Student Union began July 8.

Russian Groups Top '63 Artist Series

Wartburg Artist Series will again feature a variety of acclaimed entertainers this year. Included in the roster are two Russian groups, an enthusiastic American boys' choir and dancers and musicians from South India.

Also to appear are a former child prodigy violinist and the beloved guitarist Andres Segovia.

Artist Series will open Oct. 20 with the master Soviet pianist, Jakov Fliere. Generally considered one of the three great Russian master pianists, Fliere is scheduled to make his American debut with the New York Philharmonic Orchestra in October under the direction of Leonard Bernstein.

Fliere was graduated from Moscow Conservatory in 1933 and joined the institution as a professor in 1938. He has been awarded many honors by the U.S.S.R., including the title of Honored Art Worker.

Known primarily for his playing of romantic music, Fliere has also been praised for his interpretations of the repertoire from Bach through Prokofiev. Appearing on Oct. 27 will be the Texas Boys' Choir. Twenty-six young cowboys from Fort Worth, Tex., make up this spirited choir. Under the direction of George Bragg, they offer a program ranging from church music to lively Texas folk songs.

Adding color is the variety of costumes they wear for their numbers. They wear medieval vestments of crimson for their opening religious songs. Then switching to choirboy robes, they offer a series of madrigals. Finally, dressed in full cowboy costume, they conclude their program.

Some 150 boys, chosen through auditions held twice yearly, constitute the basic Texas Boys' Choir, from which the concert choir is chosen. Their voices and disciplined ensemble singing have earned them a worldwide reputation comparable to that of the boys' choirs of England and Germany.

Moscow Chamber Orchestra, under the direction of Rudolf Barshai, will appear on Nov. 18. One of the finest chamber ensembles in existence, it is said, the group made its first Western appearances at England's famed Bath Festival last summer.

Rao. She rescued this dance from oblivion and is the first and foremost exponent of it.

Former child prodigy Ruggero Ricci will appear here Feb. 10. A famed violinist at the age of eight, Ricci has now become a master.

Ricci has achieved such success that in 1961 he was invited to appear in Russia. He has made a distinguished list of recordings, including all 24 of Paganini's phenomenally difficult "Caprices."

Bringing the Artist Series season to a close will be Andres Segovia, who will appear Feb. 25. Segovia is given credit for bringing the Spanish guitar into popularity.

In 1928 Segovia played what has been described as the first guitar recital ever given in New York. Since then several conservatories have added the instrument to their curricula, and thousands of young people have begun seriously studying the instrument.

This Spanish musician, it is said, has become recognized throughout the world as one of the few truly unique artists of our time.

The President Speaks

A MESSAGE FROM DR. C. H. BECKER

Within a matter of days the campus of Wartburg College has been transformed into a community of throbbing life and activity! More than eleven hundred student and faculty and staff of almost one hundred have gathered from all parts of the country and from a number of foreign countries to begin a new chapter in the history of Wartburg College.

To all we extend a most cordial welcome, and for all we express the hope and the prayer that it may be a good year, crowned with success in the performance of our various tasks and in the realization of the various goals we have set for our lives. Above all, we pray for God's approval and for His blessings for our hopes and plans and on all our efforts.

Let us determine on our part that the emphasis throughout the present school year shall be on the positive. While the construction in the Student Union will necessitate inconveniences during the next few months, we realize that all the inconveniences and all the disturbance are only the promise of better things to come. Plans for the realization of the Science Building and an additional dormitory unit for men are being pursued with enthusiasm and determination.

We are grateful for a splendid group of students and an unusually strong faculty and staff. We are grateful for a fine campus and splendid facilities. We are grateful for our Church, the many friends of Wartburg College and for the whole Waverly community. Together let us determine that the year ahead shall be one of sound growth and progress.

EDITORIALS

Initiative Wanted

Recently the Wartburg College Alumni Association passed a resolution favoring a more vigorous effort on the part of Wartburg in the nation's fight against segregation and inequality.

The resolution read, "Believing that God is calling His church to take, with no further delay, a more direct and daring part in achieving racial justice at all levels of American society, and

"Believing that the perpetuation of 'pure' Caucasian islands anywhere in America is the primary condition behind the shaping of a personality-crippling segregationist mentality, overt or latent, and

"Believing that both minority and majority groups are best served through personal, everyday contact with those who may be viewed fearfully as 'different' and

"Believing that the college of the church are in a unique position to lead the attack on the evil of segregated society by becoming laboratories of racial diversity in student body and faculty.

"We, the executive committee of the Wartburg College Alumni Association, commend the college for past and present evidences of encouraging racial diversity: we go on record as favoring the increasing growth of such diversity at Wartburg; and we specifically urge the addition of members of minority groups to our faculty and staff as qualified candidates become available."

I believe that we students of Wartburg should show our feelings of Christian equality, not only by agreeing with this resolution, but by presenting a similar resolution regarding minority students and faculty members.

I hope some Wartburg student with a little initiative will propose such a resolution at the next student body meeting. This would be one small step in the freedom march.

In past years, Wartburg has had foreign countries represented by people of minority groups. No special record has been kept of American Negroes attending Wartburg, but the number is few.

The TRUMPET especially welcomes all students of minority groups on our campus. We hope that you will make yourselves a part of Wartburg by participating in student activities and becoming an integral part of campus life.

All Are Needed

Me? I have an obligation to the Trumpet? Don't be so surprised, Wartburg students and faculty members. There are three different ways you are essential to the continuation of this publication.

Worthwhile opinions are often expressed, but too often they are not shared with many. I would like to invite letters to the editor throughout the year.

This column is for you to express your worthwhile opinion on an issue of importance to people on campus.

The limit on your letter is 250 words, however.

Secondly, many persons are needed in order to have a successful paper. Creative or interested students who have a flair for journalism are wasting talents and depriving Wartburg if they don't seek out an opportunity to write. A few vacancies remain on the staff.

Thirdly, and most important, Wartburg students and faculty members should read the Trumpet. Knowing that the publication is read is the only reward many hard-working journalists have.

The staff hopes to deliver an interesting and educational issue weekly, and it is up to Wartburg students to make it a success.

The Wartburg Trumpet

Published weekly during the school year. Entered Oct. 15, 1935 and re-entered Sept. 27, 1947, as second class matter at the post office at Waverly, Iowa, under the act of March 3, 1879. Subscription rate-\$3.50. The views expressed in this publication are not necessarily those of the faculty or the administration. Founded in 1906 as the Wartburg Quarterly.

Meyer Challenges Students

By Nelson Meyer
Student Body President

The beginning of the 1963-64 school year has arrived, and with it a new year in student government. About anything can happen during this year, both good things and bad.

We may be very successful, or we may be a dismal failure. Students make government, for student government simply cannot be effective without student interest, support and participation.

I have said this before, and I will probably say it many times again: it is a simple law of representative government.

You will notice I said representative government. I said this because if there is any place at Wartburg where "everybody is somebody," it is in student government.

No matter what your interests are, student government will probably have some area in which you can serve.

Meyer

If you have complaints or comments, your senators will be more than happy to listen to them and to discuss them with you.

If you are still concerned, you are invited to attend our senate meetings. They will be held in Fuchs Lounge at 7:30 p.m. on the first, second and fourth Mondays of each month.

Meetings are open to all, and we welcome all who are interested in our senate proceedings.

Of course, as non-senators, you will not be able to vote, but you will be given the floor for discussion.

One place where you can vote, however, is at the student body meetings, which are held each month. The student body is the ultimate voice of authority in all stu-

dent government matters.

It is for this reason I believe that student body meetings should be continued, although many schools do not have them, thus bypassing the student body. I hope that you will also consider them important and worthy of your attendance.

Before some of you want to participate, perhaps you are wondering just what it is that student government can do. Students have charged that student government never does anything.

I do not see how anyone can say this unless he is never affected by girls' hours, Men's Coordinating Board, intramural athletics, dress-up night or any social activity — this is rather difficult to imagine.

I hope that you will have enough interest to participate in student government this year. With your support, I am sure that we can make a better Wartburg, not only for ourselves, but for those who follow.

BECKER'S BANTER**Upperclassman Rejoices
Return To Wartburg**

Isn't it great to be back at Wartburg! One could search the world over and never find any place quite like it. It has that "certain something."

It's not the type of feeling that can be explained, this loyalty that one associates only with Wartburg. It's akin to the swallows returning to Capistrano. Or a criminal to the scene of the crime.

★ ★ ★

Consider what students give up in order once again to seek knowledge and pursue learning at this institution of higher education! Family living, soft jobs, good food, girl friends, happiness, money, boy friends, loafing without a guilty conscience, the family car, no hours, freedom. . . .

Isn't it great to be back at Wartburg!

To be back in the old familiar surroundings. To be safe from the outside world. To be able to drink coffee in the Den, to sleep during class, to hide in the bushes from Officer Shinn, to become better acquainted with fellow students in the lounge (any lounge will do).

Isn't it great to be back at Wartburg!

★ ★ ★

Speaking of close friends (I wasn't, but I know how your minds work), letters are so inadequate during the summer. Absence makes the heart grow fonder—of someone else.

Now you can stand up and fight for your life, liberty and the pursuit. Or simply try the old line with freshmen.

Nothing quite matches dorm life for fun, food and noise. Few classes are as informative, informal and educational as those bull sessions or heifer huddles in the dorm.

Then there are the card games, practical jokes, pizza parties, water fights and just plain good, clean fun (?). The communion of Christian fellowship.

Isn't it great to be back at Wartburg!

The students are also exposed to culture. Never let it be said that Wartburg does not present both sides of the picture, even if it's only from one viewpoint.

One might question the wisdom of allowing the Chapel-auditorium to be desecrated by ballets and plays, but surely no one would speak up against string quartets, choirs and lectures. One marvels at the courtesy of the students who voluntarily give up their seats so that people of the surrounding area may attend.

★ ★ ★

But one must not forget the true reason for attending college. Sports. Just as the knights of old jested for the honor of their ladies, so our players go forth into battle for the kingdom and the power and the glory of winning.

And never would our trackmen run from victory. With each cry of "Charge!" the foe is vanquished for another season. Nothing rivals the exhilaration of being on the winning team, or backing a team with spirit.

Isn't it great to be back at Wartburg!

The opportunity to write communiques during convo to those who failed to see the light and are attending other schools. To see the sea of orange beanies worn by other people. The suspense of checking the mail. The new music added during lunch in the cafeteria.

★ ★ ★

The disappointment of getting the wrong instructor. The ordeal of exams. The rush of term papers. The relief of going home for vacation. The freshmen may have the thrill of arriving for the first time, but the upperclassmen alone have the nostalgia of returning.

Isn't it great to be back at Wartburg?

in a more formal vein and the faculty advisers were not present to meet their advisees.

One other major change deals with Amalgamation. Kangaroo Court was replaced by "Judgment." "Judgment" involved larger groups which helped to hold interest.

Format of the Rules of the Day is also slightly different. New interesting rules have resulted from making each day's requirement follow some characteristic of Knighthood.

One other thing I feel I should mention is that we plan

to take roll at all activities. Also, all persons who have names on the Black List will be dealt with on Outfly.

Every year the committee has an advantage over the committees of the past. We have tried to use past years' experiences to better this year's Squire Days. We hope to meet student body approval.

Sincerely yours,
BILL HAMM,
Sophomore Class
President

Students Spend Summer As PMB'ers

By Karyl Ehlers

Perhaps most students spent summer either working or vacationing. For a slight change of pace, Margaret Judd and Marcia Brenton, seniors, combined the two and served as Parish Mission Builders.

This program is a volunteer service project sponsored by the Youth Department and the Commission on Evangelism of the American Lutheran Church.

Parish Mission Builders, a program which began nine years ago, is made up of Lutheran college youth from ALC colleges and state schools.

Parish Mission Builders (PMB'ers) work in teams of four people. Three weeks are spent in three different churches in the team's given area. The past summer found six teams scattered all over the United States and one team in Canada.

Team members stay in the homes of host congregation members. Teams were equipped with cars and were provided with allowances for travel, room and board and personal expenses.

PMB work consists of surveying, visitation, working with the youth of the church and working with the evangelism committee.

Marcia and Margaret spent their first week training in Madison, Wis. Marcia's work took her to Pasadena, Calif.; Artesia, Calif.; and Salt Lake City, Utah.

She was the captain of the first all-girl team of PMB'ers. Her work consisted of surveying certain areas of these cities to determine the church memberships and interests of the general public.

Four-member teams were divided into pairs and visited the unchurched, the church's inactive members, the shut-ins and the sick. Teams also worked with Luther League officers

and aided in planning better programs and organizational improvements.

"The people were wonderful, just like your own next-door neighbors," commented Marcia. "This was the best part of the whole summer."

Margaret followed her week of training with work in Milwaukee, Wis.; Massillon, Ohio; and Des Moines. She, too, was the captain of her particular team, which consisted of two

women and two men, all college students.

Their work also followed the pattern of visitation, survey work and youth work.

Margaret commented that their survey work was somewhat hindered by the convention of 50,000 Jehovah's Witnesses in Milwaukee. The many Jewish people in Milwaukee were also quite cool to the PMB'ers.

"The greatest number of unchurched people were found in Des Moines, where one-third of those people surveyed had no church affiliation. However, it was also in Des Moines that we found the people to be most friendly," she added.

Homecoming Speakers Selected For Weekend

Preparations for this year's Homecoming Weekend are well under way, according to Gwen Parlin and Bob Bone, co-chairmen of the event.

Speakers for the banquet and Sunday morning worship service have been selected.

Featured speaker for the banquet, to be held at 6:30 p.m., is M. Theodore Heinecken, presently associated with the Britannica Press in Chicago, Ill.

Heinecken, a 1954 graduate of Wartburg, has been described as "one of Wartburg's most unforgettable grads." His topic, although not as yet definite, promises to be "light, humorous and certainly entertaining," according to Bone.

Delivering the sermon at the Sunday morning worship service Oct. 20, will be Dr. Vernon

L. Strempe, professor at Central Lutheran Seminary, Fremont, Neb.

Dr. Strempe has been asked to speak on the religious theme of the Homecoming Weekend, "Christ Universal."

Anderson, Harms Receive Degrees

Two Wartburg faculty members received doctorate degrees recently. The Rev. Raymond Harms, Religion Department, received his Th. D. in New Testament from Princeton Theological Seminary in June.

Maynard Anderson, Music Department, received his doctorate degree in August. He was granted the Ed. D. from the University of Colorado.

Worship Tomorrow

Speaker: Pastor Harold Roschke
Topic: "A Faithful Saying"

Fredrick Explains Reason No Jobs

A limited number of campus jobs and an abundance of applications is the situation in the college business office, according to Walter Fredrick, business manager.

The staff is selecting campus workers, and those freshmen who were promised campus jobs will get them, he said.

Give the upperclassman boy a pretty girl, and he will find something for her to do. Frosh Nancy Nuss seems to be quite willing to give Junior Jim Folkerts a hand. Unwilling Frosh must submit to the wishes of "wise fools" until the end of Squire Days on Outfly.

By Harry Jebsen

A 55-man squad reported to Coach Norm Johansen this fall. The squad includes 23 lettermen from a 1962 squad which compiled a 5-4 record in Iowa Conference competition.

"If" is a big word in the Knights' vocabulary this year.

Show Promise

Coach Norm Johansen said that he is not looking forward to the grid season with too great an optimistic attitude, but . . .

AMONG THE "IFS" concerning this year's squad are, IF there are no injuries to key personnel and IF a little depth can be found among the returning squad members and freshman candidates.

If the line blocking, a sore point in past seasons, improves, the offense may be an efficient unit, according to Johansen. The backfield has speed and will be capably headed by senior Eldon Ott as quarterback, senior Bill Fulcher and junior Brent Bruns as halfbacks and junior Bob Nielsen, fullback.

Starting line at this time will be senior Dave VanAhn at center; guards Duane Meier, senior; Gayle Newlon, sophomore, or John McKee, junior, depending on how well Newlon responds after a pulled muscle.

TACKLE SPOTS will be filled by senior Duane Huth and junior Dale Fridley while All-conference ends, senior Bob Wachholz and junior Paul Zietlow, along with senior Gary Leeper, will complete the pass-catching chores for the Jomen.

After the starting team, which is composed entirely of lettermen, a serious lack of depth exists.

Losses of key personnel include Jim Pyle, outstanding

fullback and kicker from last year's squad, Ted and Gary Johnson, all who did not return to Wartburg this fall, and Dave Lange, Steve Allspach and Wayne Burress, who were ineligible. These losses have hurt the depth of this year's squad considerably.

SINCE THE KELLY Greens of Parsons decided to drop the game today, the Knights' first appearance will be next Saturday evening against arch-rival Luther at 7:30 in Decorah.

All practice has been pointed at the battle for the Ax, according to Coach Johansen, because with a squad like the present one, a coach has to play the games one at a time and wait for the freshman crop to mature.

AS FAR AS THE rest of the conference is concerned, Luther and Central rate as the pre-season co-favorites with William Penn as the not-so-dark horse. All of these squads have their entire starting backfields intact from the past season, their lines being the deciding factor.

Luther has 32 returning lettermen and may prove to be a difficult obstacle for the Knight caravan to roll over Saturday evening.

However, Coach Johansen said, "We'll be trying and will give it all we've got."

Cross-Country Prospects Good

By Jack & Coon

"Over hill, over dale—" The harriers coached by John Kurtt are about to open the 1963 cross-country season.

Saturday, Sept. 21, marks the date for the opening meet at Cedar Rapids, with the first home dual with Simpson scheduled for Sept. 28 at 11 a.m.

TEN MEETS ARE presently on the slate for the Wartburg unit, led by four returning lettermen.

Lothar Columbus heads the pajama-clad lads as they pace themselves for a grueling four miles. Other promising runners who lettered last fall include Roger Palmer, George Max and Arlyn Ristau.

SIDELINE SLANTS

Success-Filled Year Anticipated By Knights

By Mike Becker

Jo-men should be in top physical condition this year. Coach Norm Johansen has installed a system of station drills, which are supposed to have originated at the State University of Iowa.

In this, each coach has a station, and the men progress from one to another.

Each station is designed to improve a specific area, such as agility, reaction, etc. The drills seem to be proving a success by the limited number of injuries so far.

Look for the cross-country team to have a good year. Coach John Kurtt lost only one man from last year's squad. With the help of several promising frosh and the return of our broken-leg runner, the CC men will be right up there.

Returning are six lettermen to help the newcomers navigate the golf course. Again, the toughest competition will be Luther, with Dubuque a close second.

This should be the year for the return of the Battle-ax from Luther. A win by the football team would really give the Knights a good start.

Remember, keep next Saturday, Sept. 21, open. We want everybody to make the trip to Luther. A team wants to know that its students are boosting 100%. Let's go up there with one idea in mind — BEAT LUTHER!

Sportswriters this year are picking Central and William Penn to battle it out for the Iowa Conference football crown.

Luther is again rated as a big, strong team with championship hopes. Luther again will field one of the largest teams in the Midwest with close to eighty players.

Upper Iowa is picked right above Wartburg, with a big, strong, veteran backfield returning.

Wartburg's hopes rest on the development of the traditionally strong defensive line. This year the offense seems to be moving well, and the real problem seems to lie with the defensive line.

Foreign Movies Top Film Series

A variety of films from different countries, including Sweden, Russia and England, in addition to those from America, will highlight the English Department film series this year, Trevor Owen of the English Department announced recently.

"Grapes of Wrath" was the movie liked best, according to a summer questionnaire sent to last year's freshmen by Owen. Least liked was "Roshomon."

First movie this year is scheduled for Wednesday, Oct. 2, at 7:30 p.m. and is entitled "The Ox-bow Incident." It stars Henry Fonda, Anthony Quinn and Dana Andrews.

Cross-country men Lothar Columbus, George Max and Roger Palmer, seniors, prepare for their first meet against Coe Sept. 21.

LITTLE MAN ON CAMPUS

Foreign Exchange Students Here

Emile Zola, Leopoldville, Congo, is Wartburg's visiting student from Africa this year.

This year Wartburg is affiliated with the African Scholarship Program of American Universities. Wartburg is one of five Iowa schools participating in ASPAU. Only a few schools were chosen for affiliation this year, according to Dr. J. O. Chellevold, dean of faculty.

Students from other countries include Shahnaz Khaksar from Iran and Orondo Opeyo from Kenya. Hanne Andersen from Denmark will arrive by Sept. 19.

New Asst. For Hertlein

A new assistant is in the office of the dean of women here this fall. Mrs. Margaret Hemingway, special student here last year, will assist Mrs. Florence Hertlein, dean of women.

This office also has a new secretary. Mrs. Margaret Kelling, also part-time faculty secretary, will take over this position.

Reason for all the new help is that Mrs. Hertlein has been named assistant financial officer to Business Manager Walter Fredrick.

This new position was created because of the increase in National Student Defense Loans and bank loans to seniors.

Mrs. Hertlein will retain the position of secretary of the Student Aid and Scholarship Committee. In her new position she will have more authority to act on matters concerning student financial aid.

Formal Lectures Replaced This Fall

Informal lectures and discussion groups by the English Department will replace formal faculty lectures as given last year.

Recordings and filmstrips will be used in the new type of lecture, according to Dr. Edwin Sandberg, head of the English Department.

An English conference for high school English teachers is also being planned by the English Department.

"With this conference," Dr. Sandberg said, "we hope to bring about better integration between high school and college English."

Sixty high schools thus far have sent affirmative responses concerning plans to attend.

Frosh Given Scholarships

Three Wartburg freshmen were awarded music scholarships last evening, as announced by Dr. Edwin Liemohn of the Music Department.

Granted the Diamond Jubilee Music Award were Francene Haibeck, a pianist from Freeport, Ill., and Larry Kusatz, a tenor from Allison.

Barbara Brownell, also a pianist, received the \$100 Roger Tillapaugh Scholarship. Barbara is from Oelwein.

The Roger Tillapaugh Scholarship is given annually to a freshman music student who demonstrates outstanding talent and promise of achievement.

The Diamond Jubilee Music Award is available to freshmen in piano, voice, organ, violin or wind instrument, and is equal to the cost of one private lesson per week for one semester. It is applied on tuition for second semester.

Granting of this award in Applied Music is determined largely by general scholarship, music achievement and promise of accomplishment as a solo performer. Preference is given to students who enter regular courses of study leading to a degree.

Welcome, Knights

We would like to make
your acquaintance, too!

We hope you don't consider us a bunch of old fossils sitting on top of a pile of money bags. Actually, you'll find us much like the people back home, friendly as the folks next door and anxious to be helpful whenever possible.

One service we highly recommend is a Student Checking Account that makes it easier for you to hold on to your money. Stop in so we can make your acquaintance and give you the details.

Attention, All Wartburg Students:

A Reminder That We Have A Nice Gift
Which Is Yours For The Asking. If You
Haven't Already Done So, Stop In At
Your Convenience.
